BATTERY PACK SUPPLY AGREEMENT

between **Arvenne Cycles SAS**, 14 rue des Tanneurs, 69007 Lyon, France (the "Buyer"), represented by Inès Marchetti, CEO, and **Voltaris Energiesysteme GmbH**, Annaberger Str. 240, 09125 Chemnitz, Germany (the "Supplier"), represented by Dr. Heike Brandner, Managing Director. Signed in Lyon on 15 November 2024.

1. Definitions

"Business Day" means Monday to Friday, excluding French public holidays.

"Lot" means all packs delivered under one purchase order and identified by one lot code (VL-YYMM-X).

"Battery-related claim" means a warranty claim on the cells, the BMS, the connectors or the harness of a pack.

2. Term

This agreement runs from 1 January 2025 to 31 December 2027. It renews for one year at a time unless either party gives notice at least six months before the end of the current term.

3. Products and prices

3.1 Prices in euros, excluding VAT, delivered at the Buyer's plant in Villefranche-sur-Saône (DAP):

Reference	Description	Price per pack
VP-500	48 V 500 Wh (Barge)	€214.00
VP-625	48 V 625 Wh (Mule, Trike)	€268.00
VP-750	48 V 750 Wh (Barge 2)	€318.00
VP-RX500	48 V ~500 Wh Range Extender	€236.00

3.2 If the lithium carbonate index moves by more than 15% over a calendar quarter, either party may request a price review, which takes effect on the first day of the following quarter.

4. Volumes

4.1 The Buyer sends a rolling six-month forecast each month. 4.2 The Buyer commits to a minimum of 3,000 packs per calendar year. Below that volume, prices of clause 3.1 rise by 4% for the following year.

5. Orders

Purchase orders are placed at least eight weeks before the requested delivery date. The Supplier confirms each order and its delivery date in writing within two Business Days. The confirmed date is binding.

6. Delivery and acceptance

The Buyer inspects each Lot within ten Business Days of delivery. Packs damaged in transport are replaced free of charge within fifteen days.

7. Late delivery

7.1 The confirmed delivery date of each Lot is binding on the Supplier.

7.2 For each full week of delay between the confirmed delivery date and the actual delivery date, the Supplier owes a penalty of 1.5% of the invoice value of the Lot concerned, up to a maximum of 9% of that value.

7.3 Penalties are settled by credit note on the next invoice.

7.4 Neither party is liable for a delay caused by force majeure (including strikes outside the party's control, natural disasters, and decisions of public authorities), provided that the affected party notifies the other party in writing within 5 Business Days of the start of the event. A party that does not give this notice in time cannot invoke force majeure for that event.

8. Quality and traceability

Each pack carries its Lot code. The Supplier keeps production records for ten years and notifies the Buyer of any process change at least thirty days in advance.

9. Warranty

9.1 Packs are guaranteed for 30 months from delivery.

9.2 The Supplier replaces or credits any pack that fails within the warranty period.

9.3 The Buyer reports field failures monthly with serial numbers and Lot codes.

9.4 Field failure of a Lot. If, for a given Lot, the number of approved Battery-related claims exceeds 1.0% of the bikes built with that Lot within 12 months of its delivery, the Supplier reimburses 100% of the cost of all approved Battery-related claims of that Lot, plus a handling fee of €40 per approved claim.

10. Payment

Invoices are payable 45 days end of month.

11. Liability

Except for clause 9.4 and in case of gross negligence, each party's liability is capped at the value of purchases made in the previous twelve months.

12. Termination

Either party may terminate for material breach not cured within thirty days of written notice.

13. Law and courts

French law applies. Disputes go to the Commercial Court of Lyon.

For the Buyer: Inès Marchetti, CEO For the Supplier: Dr. Heike Brandner, Managing Director
